## **Greetings from our Chapter Directors**

**Harry & Claudia Rossignol**

*Firstly, I would like to thank Bill and Linda Crain for once again hosting our Christmas Party. Secondly, Merry Christmas.*

Up shortly we will have another **5 Aces Ice Cream Ride** on the 30th of December. Time of place of departure to be decided. (The length of the ride will be determined by weather and most Ice Cream shops don't open until at least noon).

Our **New Years Day Ride** will depart from Rainbow Cafe in Auburn at 10 AM and head over to Krain Korner for lunch (arriving noonish).

We have had one of the more active riding years we have had in a long time. It wasn't long ago that we were struggling with getting good attendance on weekly rides, never mind twice weekly rides. We've had good attendance all year long. Hopefully this will continue.

*We are planning three standard rides per month until the weather improves.*

The **1st Saturday of the month** departing at 7AM from the McDonalds at the corner of SR 512 and I-5 going to the **Chapter Q** meeting at the Centerville Cafe in Centralia. After ride TBD.

The **2nd Saturday of the month** departing at 7AM from the Chevron Station at the corner of 84th Ave S and S 212th St in Kent going to the **Chapter C** meeting at the Evergreen Lanes in Everett. After meeting ride TBD

The **4th Saturday of the month** departing after our meeting at the Rainbow Cafe in Auburn.

*Major events next year that are planned so far -*

May 24th - 27th The EWMA Blue Mountain Rendevous in Milton Freewater, OR.

June 10th to 20<sup>th</sup> Edelweiss Best of Southern France Tour.

July 14th STP Bridge Support

July 15th to 18th GWTA Gold Rush - Bowling Green KY.

July 15th to 22nd Seven Day Canadian Rockies ride.

July 16th to August 6th Twenty One Day Alaska Ride.

August 2nd to 4th Three Day ride.

September 6 to 9th GWTA State campout at the Squaw Rock RV resort on Friday.

I'm still hoping to find a volunteer to arrange an every other month Dinner Social.

Hopefully we will be seeing all of you soon!!!

### New Part

On December 7<sup>th</sup>, Cindy went in for her knee replacement surgery. As many of you know, she has been suffering from a bad right knee for some time. Unable to ride her Spyder due to the main and only brake is on the right foot. She could not even ride with me in comfort due to the difficulty in getting on and off the bike. She had to wait for a long time to get a surgery date. When the date came, she was feeling good and the day went well. She came through the surgery just fine and started her recovery. There is lots of pain meds and physical therapy. I could not assist her with all her needs during this time so Patty Alfonso, our Neighbor and Manuel's Sister is providing her 24-7 care as she get's through all the healing and recovery. I have to stay in another bedroom due to our different sleep times. I go to bed early and get up early for my Boeing job. It is working out pretty well. I also had a week-long work trip to Ohio this month. We are hoping this fix is the ticket for getting her back on the Spyder and active in going on rides and other activities this coming year.

December 12<sup>th</sup> marked a date 11 years ago when I lost my 1990 Honda Pacific Coast. It was my second street legal motorcycle that I purchased in 2008. Kind of a baby Gold Wing at 800cc and lots of plastic. I loved the look of them and figured it would be a good step up to get my riding skills ready for a real Gold Wing. It was a fun and easy to ride bike. Over the 4 years I had it, I put on around 36,000 miles. That day 11 years ago, I was riding to work in Everett at 4:00am in pouring rain. Lots of standing water on 405, and at 70 mph changing lanes, one of the wheel track rut puddles was too much for my rear wheel to keep traction. I went down hard on the right side. The picture at the bottom of the article shows the condition of the bike as it lay at the towing yard. It was hit by two trucks that did not see it laying in the middle of 405. Not much plastic left on it. I was not hurt but not bad, could have been worse if there were cars following me. I had several thick layers on and slid on the wet road. What did I learn with all of this? When riding in the rain, keep your speed down, pick a lane and stay in it, avoid standing water, ride center track when possible. Wear all your gear all the time. Cover the skin you want to keep. You never know when or what will cause you to go down. Be prepared for it.

The Christmas party was fun, lots of good food, fun gifts and good fellowship with our members. Now we have the new years day ride coming up if the weather holds out. Also, this next year has a lot of fun things planned.

Have a great Christmas and we will see you soon.

Jeff & Cindy

## 2023 Toys for Tots Annual Motorcycle Run, Olympia, WA.

Inspite of the rain, the turn out at the Toys for Tots motorcycle run in Olympia, WA was as big and successful as ever. Dianna bought her usual T shirt but some how lost it. Someone got a free shirt.

So fun to see all the toys going to the Salvation Army. It shows BIKERS have a kind heart.

Merry Christmas n Happy New Year!

**Our October meeting was pretty well attended. Our Christmas Party in December was not as popular as the meeting though. But even in November and December when the weather was not so great, we were still able to ride and visit.**

Oct 26th found us on the last Thursday ride of 2023 to Twede's Cafe in North Bend. Quaint little place but in my opinion it does not live up to the hype generated by the 1990's Twin Peak's television series. The supposed "Damn Fine Cup of Coffee" was just OK. However, the ride was great. Howie and another rider from WA-C joined us for a chilly day of riding starting at the Rainbow Cafe where the coffee and service is better than Twede's Cafe.

**The Oct 28th meeting brought 20 of us out of our shells for breakfast and some information sharing. We talked about the upcoming Christmas Party at Bill's Man Cave.**

**On Nov 4th the weather was very wet and fairly windy but it was time to visit with the Q-Crew in Centralia. Harry and I met at the Lakewood McDonald's Restaurant Parking Lot at about 7:00 am for the ride south. The frog choking rain and abundant road spray got so bad on the highway that we had to stop at a gas station in Tumwater to clear windshields face shields and glasses of moisture and road film. It was pretty hard to see through all that inclement weather and early morning darkness.**

**By the time we got to Centralia, we were pretty well soaked. Kenny U. was there at the restaurant ( he opted for the four wheeler over the two wheeler ) to meet us and he commented that we looked like sponges. Of course he and the two Q-Crew members were bone dry.**

**The Christmas Party was not as well attended as previous years but those that were there had a great meal and lots of fun and netted some pretty nice Christmas Gifts.**

**Special thanks to Bill and Linda Crain for providing the venue and setting this all up, cooking the meal, making homemade pie and Ice Cream. You guys are the best and very much appreciated.**

**Dec 9th, Harry and I met at the Chevron Station in Kent at 7:00 am for the short ride to Everett to visit and have breakfast with Chapter C. Once again, a chilly rainy day but it was not unexpected. This time of year it seems like if you want to ride, prepare for the cold and wet. We were and it turned out to be a pretty good ride.**

# Goldwing Preventative Maintenance

**Dennis Murphy**

Hello fellow Wingnuts!

I wasn't at the Christmas party because I was sick. Just didn't feel well. Took Monday off after that and just ended up with a runny nose for a while. Now I'm back to somewhat normal.

I know an awful lot about Gold Wings. The only years that I never owned were the 1980-1983 GL1100's.

I've owned

- 1978 GL1000
- 1987 GL1200
- 2 1500's 1993 and 1995
- 1 2008 GL1800 (for 3 whole weeks)
- 2012, 2014, and 2015
- 1 2019 DCT Tour

And also numerous bikes in between.

Here's my point, so knowing a lot about the Gold Wings I still don't know everything that there is to know about them. That's why I have manuals for most of them and belong to a chapter with good friends that probably know more than me. Thanks to Mike Breise for the use of his expertise and his garage.

With everyone that I work with on the bikes, sometimes it's nice to just stand back and watch how someone else does a particular job. Sometimes I'm relying on someone's expertise and then just watching how they do a particular job. That's how I learn. Not because I don't know how to do something but maybe there is a better way that I just never thought of. Same results, different journey.

Here are some tips that I've learned by watching and not doing.

JIS (Japanese Industrial Screwdrivers) have been around for years and until 4 or 5 years ago, I never heard of them. They are a Phillip's head but with a different point. Case in point, the little screws that are on all Gold Wing at the accessory terminals. Positive and negative. The screws are difficult to loosen. If you try to tighten before loosening, sometimes that's enough to get them loose. If the point on the screwdriver tries to cam out or not stay in the screw, you will probably strip out the head. That's where the JIS screwdrivers come in handy. All of the Gold Wings are JIS. Most won't be stripped out using a Phillip's head but those on the accessory terminal will, very easily.

When taking off the screws on each side of the fairing, mark them with a fine point marker. Top to bottom, 1.2.3.4. Helps to get them where they should go back in.

If you are tearing down for an air filter or something like that, take some pictures as you go and get someone to help you as you work on it. Doesn't take as long and if there is something that's missed, better to have two sets of eyes. Much more fun also!

Check your tires! Enough said.

Looking forward to the meeting, Ice cream run on the 31'st and of course the ride on January 1'st 2024...Dennis

## Motorcycle Safety

Always perform a visual safety check before starting your Ride.

Perform a T-Clock **Motorcycle Safety Checklist**

**T-CLOCK** stands for:

- \* Tires & wheel
- \* Controls
- \* Lights & electrics
- \* Oil & fluids
- \* Chassis
- \* Kickstand

## Sunshine Committee

**Jocelyn and Michael Piechowiak**

2023 has been full of adventures for Mike and I. We love taking roadtrips in our 2018 Tesla S. We started the year by spending a week in Newport OR with friends and exploring the Oregon coast with all its beauty. February/March had us snowbirding in Las Vegas and the Phoenix area seeing friends and relatives for a couple of weeks.

We began our 2<sup>nd</sup> annual spring roadtrip in our Tesla on May 4<sup>th</sup>. Started with a few days in Leavenworth, a few more days wine tasting in Pendleton/Walla Walla then headed out of the Great Northwest to begin our counterclockwise trip. Our goal the first week was getting to the 1<sup>st</sup> of 2 Annual Bourbon and Golf in Lexington KY but had time to enjoy the tour of Samuel Clemens hometown in Hannibal MO. Onwards to my sister in SC and then north to my father's house in MD where we would stay while we visited all our families and friends in the MD/VA/DC/DE/PA area. In late June after Mike attended the 2<sup>nd</sup> Annual Bourbon Golf in Louisville KY, we headed to OH, WI and MN to visit more relatives and friends. We visited the tourist trap in Fargo ND and the Theodore Roosevelt National Park near Billings MT. We got home about July 10<sup>th</sup> with over 9,000 new miles on our EV. We enjoyed attending the 100<sup>th</sup> Anniversary of the Ellensburg Rodeo with friends. Winemaking season starts in the fall so we have to stay near home. So we went RVing near Ocean Shores for 2 weeks with our BFF and his dog. It rained hard and was windy but a good time was had anyway. We explored the cities on the coast by Tesla and had coffee in Ocean Shores daily.

We *flew down* to Mazatlan for 2 weeks surrounding the Thanksgiving holiday. That's right. No Tesla. Now we are home for the Holidays. Enjoy yours!

P.S. We still manage to go on a few GOLDWING rides whenever we can.

### The Famous WA"A" 5 Aces Ride

**DECEMBER 30<sup>th</sup>!.....TBD.**

At Chapter "**A**" We've noticed that 4 months each year have an additional 5th Saturday. Everybody loves getting an extra Saturday, of course. We at Chapter "A" honor those extra Saturdays with an "**Ice Cream Ride**". Come ride with us, on these 5th Saturdays of the month and **we will buy you a cone**. The destinations are unknown unless you have a suggestion.

Chapter C in Everett, WA meets every 2<sup>nd</sup> Saturday of the Month.
