AND SOOOOO much more!

Greetings from the Chapter Directors

Happy Holidays to one and all,

**Welcome to our first Combined GWTA Newsletter for
WA Chapters A Seattle Wings & C Evergreen Wings.**

Chapter C CD Howie Dickerman and I are each looking forward to sharing our event calendars for 2025 with all of you.

We share a common goal: to gather more riders and make more friends.

Other brand motorcyclists can join GWTA but we recommend that they have similar size bikes to keep up with our Goldwings on our chapter rides.

That being said I will be attending the Chapter C planning meeting on Sunday, January 12th at 2pm. Chapter A will have their own calendar so if you have some input to share, let me know. I will be conversing with current GWTA A members by email in January.

There will be no Chapter A monthly meeting in December.

Looking forward to seeing you all on Saturday January 25th monthly meeting.

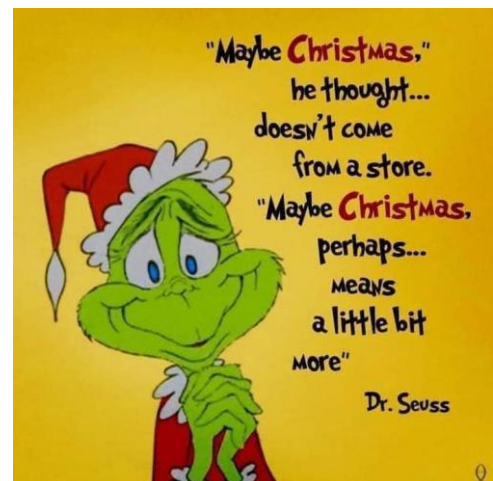

Cheers,

Jocelyn Piechowiak

GWTA WA A Chapter Director

jocelynpiechowiak@hotmail.com

206-249-6310

Greetings from the Chapter C Director

Hi folks,

First, we all owe Jocelyn a big “Thank You” for agreeing to enhance her monthly newsletter to include Chapter C information in addition to Chapter A.

Thanks Jocelyn!

Shortly before New Years Day Walt will let me know (based on the weather forecast,) whether or not we will have a New Year’s Day ride. I will let everyone know via email, and hope to see many of you on the ride (assuming we have it.)

On Sunday January 12, at 2pm, we will have our annual planning meeting at Everett Powersports. Come to the side door (near the service department) and join us upstairs in the conference room. We will be building our 2025 ride calendar, and want to have your input. This is your chance to get the ride of your dreams added to our ride calendar. We don’t know what you’re thinking if you don’t join us for the planning meeting. I will bring coffee and pastry (donut holes?) to the meeting and when we’re done, the plan is to go out for Mexican food at El Paraiso Mexican Grill Silver Lake, 11014 19th Ave SE, Everett.

There will not be a Chapter C birthday meeting in January, and starting in February, we will hold our monthly breakfast meetings in a new location. Beginning Feb 8 and on the 2nd Saturday every month thereafter, we will meet for breakfast at 9am at Patty’s Eggnest at Chuckwagon Inn, 6720 Evergreen Way, Everett. There are 3 distinct Patty’s Eggnest locations in Everett, please be sure to join us at the correct one. 😊

Happy Holidays!

Howie Dickerman

Some Old Time Biker Humor For You.

An Arizona Highway Patrol officer stops an old Harley rider for traveling faster than the posted speed limit: He asks the old biker his name.

"Fred." He replies.

"Fred what?" The officer asks.

"Just Fred." The old man responds.

The officer is in a good mood, thinks he might just give the old biker a break and write him out a warning instead of a ticket.

The officer then presses him for the last name.

The old man tells him that he used to have a last name, but lost it.

The officer thinks that he has a nut case on his hands but plays along with it.

"Tell me, Fred, how did you lose your last name?"

The old biker replies.

"It's a long story, so stay with me. I was born Fred Johnson. I studied hard and got good grades. When I got older, I realized that I wanted to be a doctor. I went through college, medical school, internship, and residency, and finally got my degree, so I was Fred Johnson, MD. After a while, I got bored being a doctor, so I decided to go back to school.

Dentistry was my dream! I got all the way through school, got my degree, so then I was Fred Johnson, MD, DDS. I got bored doing dentistry, so I started fooling around with my assistant and she gave me VD, so now I was Fred Johnson, MD, DDS, with VD.

Well, the ADA found out about the VD, so they took away my DDS. Then I was Fred Johnson, MD, with VD. Then the AMA found out about the ADA taking away my DDS because of the VD, so they took away my MD leaving me as Fred Johnson with VD.

Then the VD took away my Johnson, so now I am Just Fred."

The officer walked away in tears, laughing.

Gold Wing Preventative Maintenance

Dennis Murphy

Christmas memories

I don't know how many of you know that my parents had three sets of twins. One set in 1956, 1957 and 1958. Three sets in 27 months.

We were actually pretty good while growing up. Sure, we fought a lot but none of us were in too much trouble.

I remember one Christmas; my mother was making cut out Christmas cookies. Now, these weren't just regular cookies but very much decorated as snowmen and trees and Santas.

She spent an awful lot of time making them. Probably about twelve dozen or so. I still think that my mother made the best sugar cookies.

I remember us kids waking up very early Christmas morning and eating just about all of them. My parents were not happy. But they were delicious!

My parents didn't really have any money and I think that my grandparents really bought all of our presents, but I really don't know.

Parents have a way of making something happen under your nose that you'd never suspect.

One Christmas, I think I was about eight years old or so. We got up on Christmas morning and coming around the corner into the kitchen there were six bicycles lined up. Two blue, three red with red grips and one red with white grips. I latched on to the one with white grips. There was no other way to tell them apart. I'm pretty sure that I heard someone say that my grandparents paid for them. But it didn't matter to me. Talk about excitement in the Murphy house. I remember getting dressed and riding in the snow. So much fun.

We were always checking out what was under the tree. I remember picking up a present and it falling out of my hands. It made a lot of noise when I dropped it, and I really thought it was broken. I was scared but, On Christmas morning I opened that present and found out that you really can't break Tonka trucks.

We really didn't have much growing up but it sure made for some great memories.

Merry Christmas everyone!

12 Essential Riding Tips for New Motorcyclists

Written by Joseph Summers
Health and Fitness Enthusiast

Some are attracted by fuel efficiency and the traffic slipping ability, for others, it's the pure thrill of the open road on two wheels. Either way, owning and riding a motorcycle is a fantastic experience. But there's also serious tradeoff, your body is far more exposed to the physical forces, especially in the case of an accident! The dangers are compounded by the fact you are less visible to other road users. For most motorcycle enthusiasts, these risks will not deter you. Instead, focus on increasing your awareness and road safety with these 12 tips for new motorcycles.

1. Always Gear Up

Even in the case of a slight spill, you'll be truly thankful you wore all your safety gear! On top of physical impact and road rash protection, it also protects you from the wind, debris and weather. Motorcycle safety gear is health investment, consider this, how much is your head worth?

2. Ride Like a Ghost

One of the biggest causes of motorcycle accidents is not speeding or losing control of the bike, it's other road users. Due to their size, motorcycles are much harder to see and more easily hidden in blind spots. Collisions are always far more severe for motorcyclists, so don't any chances by assuming you've been seen. So, start riding as if you were invisible, this will help you anticipate problems and react quickly.

3. Cornering 101: Look Where You Want to Go

Motorcycles are highly sensitive to the rider's inputs, even looking in a direction will cause you to subtly steer towards it.

Whilst cornering, focus on the exit or as far around the corner as possible. Don't make the mistake of panicking and staring down an obstacle or verge!

4. You Have the Power – So Use it!

Motorcycles have excellent power to weight ratios and can often accelerate quicker than cars.

Use this to your advantage, quickly accelerate to speed match when joining motorways. When it comes to overtaking, a fast, efficient overtake gets you out of the danger zone quicker.

Don't be afraid to open up that throttle!

5. Keep Your Brake Covered

In certain riding situations, your reaction time needs to be doubled. For example, busy sections of town or fast twisting back roads.

At these times, get into the habit of covering the brake with a finger or two. This poised position allows for quicker reactions, it could be a lifesaver!

6. Squeeze Don't Yank

Your front brake has the most stopping power, the back brake is more suited to scrubbing speed, especially at lower speeds. Focus 75% of your slowing and stopping power on the front brake.

But quickly stabbing or yanking either brake will cause a loss of traction and control. Apply the brakes in a progressive squeezing manner, you can stop quickly without having an accident!

Unlock Your Time Potential: From Chaos to Control

Discover how to reclaim your time and transform chaos into productivity with our comprehensive Time/Life Assessment.

7. Be Cautious While Filtering

One huge benefit of riding a motorcycle is the ability to filter through traffic jams. It's perfectly legal so long as you comply with traffic signs and markings on the road.

But don't let your newfound confidence overtake you, always proceed with caution. Stay in a low gear and have a finger covering the brake. Remain vigilant for signs of vehicles about to side-swipe you, especially at junctions.

8. Watch for Warning Signs

Riding safely is all about anticipating other road users. Don't rely on logic or reason, look for warning signs and then proceed with caution.

For example, if you see vehicle wheels turning and peeping out across your path, or even an indicator, always assume they may pull out without seeing you.

9. Never Forget Your Lifesavers

Mirrors are great for a quick glance but don't rely on them solely. Before you make your move, always check your blind spot with an over-shoulder lifesaver.

Follow this process every time you are about to change your road position or perform a maneuver:

1. Glance at mirror
2. Quickly check your blind spot
3. Perform action

10. Always Have an Escape Route

Motorcycles are at a distinct advantage to larger vehicles when it comes to accident avoidance. They are lighter, thinner, more maneuverable and can slip through tighter gaps.

Always leave a little wiggle room for quick escapes. Instead of simply hammering the brakes whilst heading straight for an obstacle, a quick swerve may be the best option.

11. Survey the Road for Hazards

Motorcyclists have more to worry about than cars. With less rubber contact with the tarmac, traction can be more easily overwhelmed causing a dangerous slide.

You need to quickly identify hazards such as sand, wet patches, leaves, gravel or stones. Also, watch out for bumps and potholes, they can destabilize the bike.

In most cases, you may be able to carefully swerve and avoid them. Otherwise, scrub off as much speed as you can safely, then keep steering/throttle/brake inputs and lean angle to a minimum as you pass over it.

12. Practice Scanning

Motorcycle safety can be greatly enhanced through situational awareness. Scanning is used to stay aware without letting your attention linger from the road ahead for too long!

Quickly take in information from your instruments, speedo, mirrors, blind spots etc. This will allow you to identify and react to rising road situations faster.

Snippets from GWTA WA A & C

Back Seat

I, Dennis Murphy, don't normally put things in the newsletter that companies are selling but, for the back seat passenger, this is something that you might be interested in getting.

Electricalconnection.com has some pretty interesting products. Now they are offering heaters that attach to the grab handles on the Goldwing for the passenger. They appear to be foam and are removable in the warmer months while the wiring can stay in place. Interesting idea.

Check them out at,

<https://electricalconnection.com/index.php/product/honda-goldwing-1988-current-passenger-heated-grip-kit/>

Ice Cream Social

My husband Mike and I opened our home in Maple Valley for the November 2024 Five Aces Ice Cream Social. A great variety of ice cream for all health types was greatly appreciated by Joe Leon, Ron and Dianna Hemmi and Jerry Garman.

2025 will bring us 4 Five Aces Rides
March, May, August, and November.

Come join us.

Jocelyn

Website

A HUGE THANK YOU to Mike Briese who continues to provide a fantastic website for GWTA WA Chapter A. It can be used by anyone interested. . gwta-waa.com

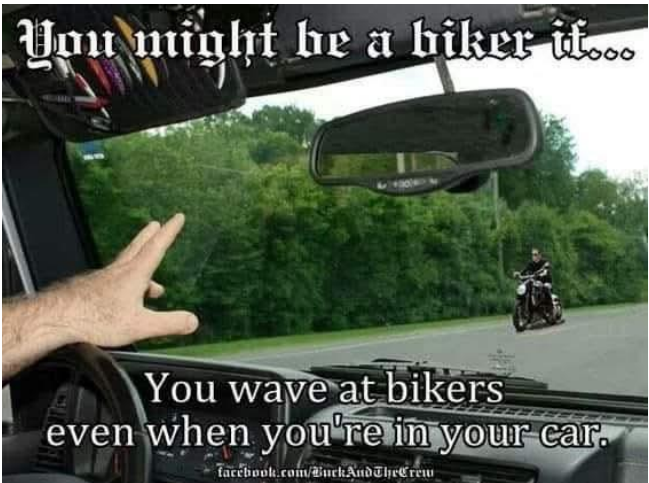

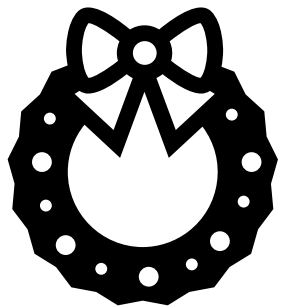

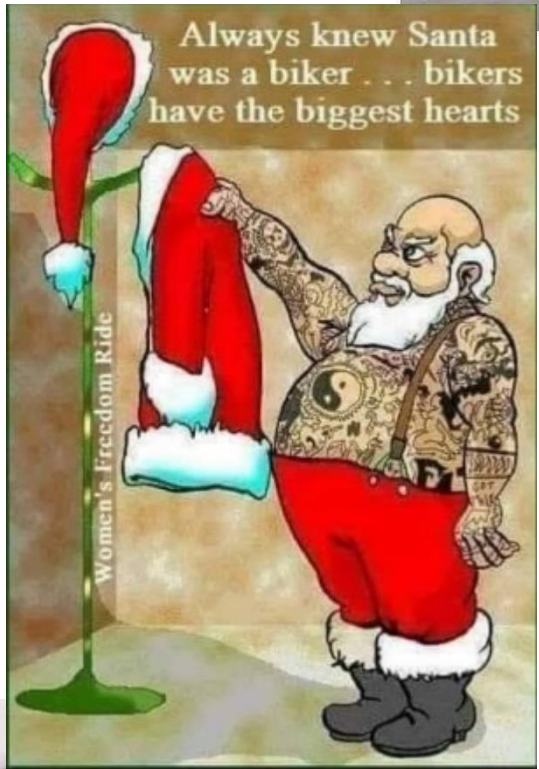

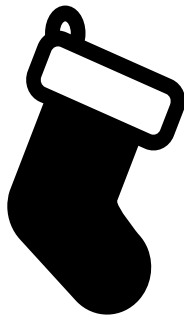

It contains so much information AND has the links to GWTA National and other chapters. The photos, emails and newsletters give this CD ideas for our future events. For your safety, it also contains Technical Service Bulletins, etc.

Thanks again Mr. Briese.

😊😊😊😊😊😊😊😊😊😊 CHUCKLES! 😊😊😊😊😊😊😊😊😊😊

FOR SALE:

Hello Goldwing members

I wish to sell my
'09 Gold Wing: GL 1800

Bruce Smith
858-336-1300

I am a former CA F member (San Diego), now living near you in Gig Harbor. Although not ridden in 2 yrs, it's a good machine with a few bells.

'09 Gold Wing: GL 1800/ Audio-Nav-GPS / CB radio, backrest, highway pegs. 46K: mostly easy, dry, open road SoCal, AZ, NV riding. No wet weather WA riding.

Original owner. VIN: 1HFSC47L19A801167

VIN inquiry will reveal clean history: no accidents, theft, nor any other issues.

Serviced and w/receipts.

Always garaged.

Good tire tread.

Left box has cigarette lighter for USB cell phone charging
 Saddles, trunk, and trunk rack travel bags (4 total)
 Saddle bags and trunk carpets
 Battery Tender Plus trickle charger
 Portable air pump w cigarette lighter plug
 Motorcycle cover for touring trips
 Butler cup holder

Auto Trader suggests \$10K and 9K.
 KBB suggests \$11K.
 I think \$10K is a fair no haggle price.

Kindly pass the word.

Bruce Smith
858-336-1300

ALSO FOR SALE: Riding gear from Bruce Smith. 858-336-1300

Olympia Winter Touring (longer length) jacket WITH liner. Purchase \$350. Will sell for \$85.

Men's size Large

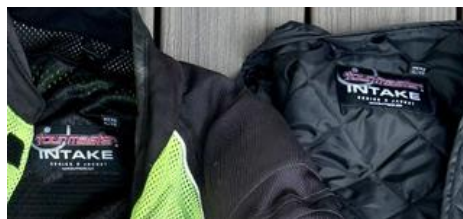

Women's size Medium. Will sell as above for same price.

Tourmaster Intake Series 2 / Summer/Spring mesh WITH liner. Purchase \$180 / will sell for \$45.

Men's XL ... as I noted they are sized smaller.

Women's BiLT / Med mesh summer/spring jacket.

Purchased \$160 / will sell for \$40.

Ladies Wilson's leather motorcycle jacket. Large, also sized a bit small. Purchase \$175. Will **sell for \$40**. Nice jacket ...like new.

Hot weather evaporation vests (worn under mesh jackets) @\$40 ... along with evaporation neck scars (\$15). The second set is in the zip baggie. The baggie is used to pour water into and let soak before donning it under your jacket.

Vest/scarf set @ 25% =sell for \$10 (actual \$13.50). Running the searing hot Mojave Desert, they were not too bad actually.

THE END

FOR SALE

Hello. I am looking to sell my 1988 Dynastic Blue Goldwing 1500 motorcycle that was converted to a trike later in life. My husband Ray Jorgensen kept all the parts of the motorcycle that were removed for the trike conversion.

My husband Ray and I were members of the GWTA and GWRRA many years ago. Ray has passed and I no longer ride so pardon any dust in the pictures.

Seeking \$8K for the Trike and loose parts. Or Best Offer.

Carmi Jorgensen

Thank You for Joining us in our Destination of Friendship.

DID YOU KNOW?

Chapter "A" became officially operational in September 1980
(This is our 44th year).

The Chapter CD Lee Adams was known around the area as the Ape man due to he had so many Apes attached to his bike. They almost covered the bike. I, Don Hatley, was ACD at the time and took over as CD when Lee was transferred to Texas by Boeing. It only made sense that the Ape would continue to be our mascot.

--Don Hatley, original member
